Yadkin Valley Quarter will appoint another representative at their July meeting to replace Mike Fulp, Sr. as he recently became clerk of Ministry and Counsel.

The AOC is working diligently to strengthen our yearly meeting as we promote the gospel to the wider community around us who need the message of hope and salvation Jesus gives. To reach this wider community, we approved the hiring of a social media consultant. This will also help to increase communication and awareness within our monthly meetings. Out of this work, the AOC encouraged the formation of the Technology and Communications Committee which is looking at ways to reach a broader audience through an updated website and social media networking. In response to a request from the Ministers' Association, the AOC developed a job description for a part-time superintendent and working with the personnel committee, will present a candidate for the position at a called meeting on June 8, 2019.
